October 2013

Young Leaders' Newsletter

Youth with a new mentality

Dear Friends and partners receive warm greetings from the International Leadership Foundation

It is always a pleasure to inform you on ILF and Young Leaders League activities.

LEADERSHIP COURSES FOR A CHANGE OF MENTALITY

Transformation usually demands a change of mentality and of attitude, because actions follow thoughts. The team working on the field (Teachers of our leadership course, coaches of clubs and workshops monitors) is gently pursuing its goals to help young leaders develop a positive mentality. The content of this year program is made up of the following modules:

- Time Management
- Strategic Planning
- Integrity
- Personal Hygiene
- Fear of God
- Dignity of Labor
- Interdependence
- Team Leadership
- Calling and Leadership
- Coaching

By the end of the first session, students learned how to draw up a personal timetable.

The International Teachers' Day

On the 5th of October 2013, the young leaders of College la Victoire expressed their gratitude to their teachers through a poem. In it they acknowledged their teachers as people of high value and the importance of their roles as crucial in their education. As for the Young Leaders

of College les Sapins, they celebrated this day by organizing a sportive march together with their teachers.

WORKSHOPS STARTING UP !

After the constitution of the nine workshops in our three schools, we now observe that members are acquiring theoretical knowledge, discovering and getting acquainted with their working materials, and learning to operate as a team.

The 20 YL in the club of College la Victoire expressed their joy to participate in the workshops of drawing, serigraphy and photography; those of the photography workshop joyfully said: *"we are really amazed to see the various photography sets and also happy to be able to touch them and take some pictures. It is quite great and we hope to learn more and be able to realize some photo and video editing."*

As for the YL of College les Sapins, they moved from theory to practice. For the celebration of the 20th anniversary of their school that took place on the 08 and 09 November 2013, the young leaders of the graphic design and computer workshops designed pamphlets, some postings, and they also realized some computer tasks.

All the same, the YL of the decoration workshop offered their talents for the decoration of the school building. The proprietor of the school expresses his gratitude for the Young Leaders, coaches and monitors for their work in the preparation of this 20th anniversary. The YL of IPONI College are in the phase of getting in touch with the working materials. Those who are participating in the Arts & Crafts workshop were amazed to see how dry banana tree leaves could be used to make beautiful artwork and

they remain quite impatient.

A Young Leaders CLUB IN GT HIGH SCHOOL BANGANGTE

A Young Leaders Club was launched in October 2013 in the Government Technical High School of Bangangté. This club is supervised by the previous coach of college IPONI Mr MBOHOU Serge and has mobilized up of 85 participants. In addition to the Leadership training, the YL in Bangangté will hold two workshop sessions: Agriculture and Gardening. They are still impatient to learn some leadership notions, a very new concept for them and above all they are very excited and happy to be called "Young Leaders".
