

I SEE A NEW AFRICA

LYRICS BY PEACE NAMBI KIRABO
BASED ON THE POEM BY DELANYO ADADEVOH

INTRODUCTION

Can you see what I see?
Can you feel what I feel?
It is beautiful.
I just own it.
Africa, you are beautiful.
Africa, you are who I am.

VERSE

The produce of the land is feeding her people.
Her cotton clothing her children.
This is Africa.
Her gold becomes her currency.
Diamonds her wealth.
The ground oil is fuel for good health.
I love you my Africa.
I've got a dream for Africa.

CHORUS

I see it, I see it, a new Africa.
I see it, I see it, Mama Africa.
I can feel it, I can feel it, beautiful nations.
I can feel it, I can feel it, rise up and shine.

VERSE

The youth are no longer
Seeking for green pastures in foreign lands.
(But Africa.)
In love for the land they joyfully labour.
Striking envy to the neighbours of Africa.
Seeking to give than receiving.
Beautiful beyond complimenting.
A new Africa.
Leadership is our destination.

CHORUS

I see it, I see it, a new Africa.
I see it, I see it, Mama Africa.
I can feel it, I can feel it, beautiful nations.
I can feel it, I can feel it, rise up and shine.

Oooooh oh Africa
Mama Africa
I love Africa
Wechange / wecha (Celebrate)
I love you.

VERSE

Every language, every tribe, mother, daughter,
father, son, plus politicians.
I see a new Africa
Where light is dispelling darkness.
Her people take their seat at the global round table.
Women are free to pursue their dreams with dignity.
Children's eyes are filled with hope for a better tomorrow.
Justice is flowing like the River Nile.
Leaders are servants of the people.
Free and united with a common Vision.
God bless Africa.

CHORUS (Sung twice)

I see it, I see it, a new Africa.
I see it, I see it, Mama Africa.
I can feel it, I can feel it, beautiful nations.
I can feel it, I can feel it, rise up and shine.
